

B.NOTE 40 FITTED BLACK LEATHER CASE

This custom-fitted black leather case is designed specifically for the **Eurobraille b.note 40** braille display.

It offers excellent protection, practical storage, and easy portability — ideal for users who work with their device throughout the day.

DESCRIPTION

CUSTOM FIT & FUNCTIONAL DESIGN

A tailored leather shell that fits the b.note 40 snugly, providing protection against scratches, bumps, and everyday wear.

FULL ACCESS WHILE PROTECTED

Use your braille display without removing the case. The design maintains full access to all keys and functions while ensuring your device stays secure.

COMFORTABLE ADJUSTABLE STRAP

Comes with a comfortable carrying strap for easy transport, making the device easier to take on the go.

NON-SLIP NEOPRENE BASE

Top and bottom portions feature neoprene material for non-slip stability on desks or other surfaces.

SPACIOUS ZIPPER POCKET

A generous zippered pocket with magnetic closures provides secure storage for accessories such as earbuds, cables, and small items.

DURABLE HARDWARE

Equipped with sturdy black plastic hooks for robust attachment and long-lasting reliability.

FLIP-BACK ZIPPER COVER

The top zipper pocket can be folded behind the case and secured under the unit, allowing you to view and operate the display while carrying it.

FEATURES

Designed exclusively for the Eurobraille b.note 40 braille display.
