

PORTABLE 15.6-INCH SCREEN USB / MICROHDMI FOR *B.BOOK* OR *ESYTIME*

Your *b.book* and *esytime* can be paired with a screen to allow your sighted neighbor or teacher to read what you are writing on your device.

DESCRIPTION

The screen is self-powered through one of the USB ports on your *b.book* or the left USB port on your *esytime* and connects via microHDMI for the video signal.

FEATURES

- Screen size: 15.6"
- Supplied with case and cables
